The objective and scope of SCA to TSP which was originally meant for filling up of the critical gaps in the family-based income-generation activities of the TSP, has been expanded to cover the employment-cum-income generation activities and the infrastructure incidental thereto, not only family-based, but also Community based through cluster approach. The ultimate objective of extending SCA to TSP is to boost the demand based income-generation programmes in tribal areas and thus raise the economic and social status of Tribals. Under the scheme, Ministry of Tribal Affairs provides grant to 22 TSP States. The programme "Development of Forest Villages" is also funded under this head. This programme was launched during 2005-06 as a one time measure for integrated development of forest villages with a view to raise the Human Development Index (HDI) of the inhabitants of the forest villages and provide basic facilities and services. This is being continued during 11th Plan period, keeping in view the need for providing sufficient amenities to these forest villages. Presently, there are 2,474 forest villages/habitations spread over 12 States. Under this programme infrastructure work relating to basic services and facilities are taken up for implementation.
